

Members

The Responsible Business Alliance is the world’s largest industry coalition dedicated to responsible business conduct in global supply chains.

Beginning with eight members in 2004, today the RBA core membership (not counting initiative-only members) is composed of more than 230 electronics, retail, auto and toy companies with combined annual revenue greater than \$7.7 trillion, directly employing over 6 million people. In addition to RBA members, thousands of companies that are Tier 1 suppliers to those members are required to implement the RBA Code of Conduct. More than 3.5 million people from over 120 countries contribute to the manufacture of RBA members’ products.
